

EXECUTIVE WATCH

CEHURD WELCOMES IT'S NEW DEPUTY EXECUTIVE DIRECTOR.

We at Center for Health Human Rights and Development (CEHURD) are excited to welcome and introduce to you our new Deputy Executive Director, Ms. Fatia Kiyange. Having Fatia at CEHURD is such a great honour!

Ms. Kiyange brings with her 19 years of work experience in the areas of programme development; leadership and management in the health and social justice sectors at the national, regional and global level. She has previously held leadership and management positions in non-governmental organizations operating at a regional and national level, including the African Palliative Care Association (APCA) and Hospice Africa Uganda. She is a strong advocate of access to social justice for the most vulnerable people. Her public health and social work approach to health rights issues will complement the legal approach in our efforts of realizing the outcomes and impact of CEHURD's 5-year strategic plan, 2020 - 2024. Please join us to welcome her to CEHURD as we look forward to yet another exciting and productive year in which we will continue to expand our work and further impact the lives of communities. Ms. Kiyange is equally excited to join us on our journey of advancing the health rights of the most vulnerable people as expressed below:

Ms. Kiyange Fatia

What an exciting moment for me to join CEHURD at a time of starting to implement a new strategic plan! The mission and values of CEHURD speak to my professional and personal values of enabling all people, especially the most vulnerable members of society, to access social justice and enjoy their human rights. The work of the organization is also well aligned with my career goal of expanding my experience in the field of Public Health, Social Work and Human Rights. I look forward to working with such a vibrant and dynamic team and making a contribution towards this important cause.

**Fatia, welcome to CEHURD, we are delighted to have you on board!
We are looking forward to working with you.**
