UGANDA POLICE

THE EXECUTIVE DIRECTOR,
CENTER FOR HEALTH, HUMAN
RIGHTS AND DEVELOPMENT(CEHURD)
KAMPALA- UGANDA

Dear sir/madam

RE: APPRECIATION FOR EXEMPLARY PARTNERSHIP IN COMBATING SEXUAL AND GENDER BASED VIOLENCE FOR THE LAST EIGHT YEARS

The Uganda police force, child and family protection department, SGBV Desk Hoima City wishes to convey our sincere appreciation and gratitude to the center for health human rights development (CEHURD) for your outstanding work and unwavering commitment in the fight against sexual and gender based violence(SGBV) in the community

Your organization has been a reliable and dedicated partner to the police in;

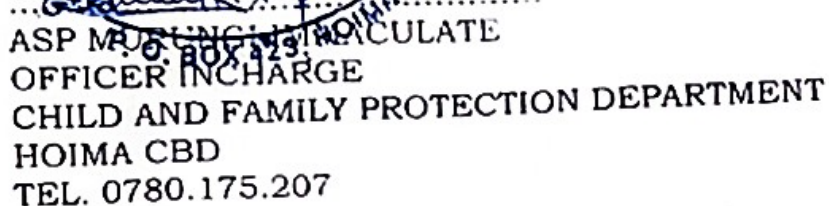

1. Providing timely legal and psychosocial support to survivors of SGBV.
2. Sensitizing communities on human rights reporting mechanisms and access to justice.
3. Strengthening referral pathways between the community, health facilities and the police.
4. Capacity building of our officers and local leaders in handling SGBV cases with professionalism and empathy.

Through your joint efforts with our department. Many cases that would have remained unreported have been brought to justice and many survivors have been able to access medical care, legal aid and protection. Your work has greatly reduced stigma and increased community confidence in reporting SGBV.

We particularly commend your team's professionalism, prompt response and respect for the rights and dignity of survivors.

5. Facilitation of arrests on SGBV cases
6. Shelter on survivors as investigations are on going

Yours in service.

C.C: DPC HOIMA CITY
